OUR MISSION

Youth Home is a nonprofit, private psychiatric treatment facility in Arkansas, founded in 1966. Since its establishment and still today, we strive to strengthen our community by serving those affected by mental illness. We work to equip and empower youth, adults, and entire families to become healthier, better contributing members of society.

Mission – We work every day to be Arkansas's premier mental health treatment and professional training center by offering an array of individualized and specialized mental health programs led by extraordinary staff.

Vision – We envision an Arkansas where lives are changed and entire families are saved because individuals in need of mental health services receive those services without delay or stigma.

Values – We are dedicated to and guided by five core values: compassion, dedication, professionalism, teamwork, and trust.

Social Media (2,100+ Facebook followers),
Email (Over 1500 subscribers),
Print,
TV, and
Radio.

Eggshibition has been voted "Best Local Charity Event" by readers of the Arkansas Times for 4 years running.

Eggshibition is popular with:

Established individuals comfortable supporting worthwhile missions and events in Central Arkansas;

And, individuals new to the special events scene who are making choices that will shape how they shop and donate in the future.

Men and women enjoy Eggshibition. The format of the evening makes it a great date night for couples.
